MyCare Advantage Insurance

If a family member has been diagnosed with a serious illness, time is of the essence. Your local hospital may have leading experts on the medical condition operating within a centre of excellence, with beds available immediately. Unfortunately, if you are like many Canadians, the reality may look more like this...

You are referred to a specialist or for medical treatment that is unavailable for several months. In the interim, you wait . . . and hope for the best.

If you purchase MyCare Advantage, you would have an additional option.

You would call MyCare, and be treated within days. Mayo Clinic works in close collaboration with your Canadian physician on your diagnosis, treatment and recovery plan.

MyCare Advantage insurance covers:

- Treatment at 1 of 3 Mayo Clinic facilities
- Policy covers \$1,000,000 USD per person/per year
- \$5,000,000 USD policy aggregate
- Medical underwriting or exam is not required
- Qualifies for HSA and PHSP deductions

DON'T WAIT! MyCare Advantage insurance must be purchased within 45 days of enrollment in the MyCare HBO program.

MyCare is a group benefits and insurance provider offering Canadians access to Mayo Clinic expertise for medical diagnosis, second opinions and treatment.

MAYO CLINIC is a not-for-profit worldwide leader in medical care, specializing in diagnosing and treating difficult cases. Patients from around the world are referred to Mayo Clinic for innovative and effective treatments. Doctors from every medical specialty work together to care for patients, joined by common systems and philosophy: "the needs of the patient come first."
